

Dr. Guillermo Suarez Castro

Dr. Suarez attended medical school at the Universidad Autónoma de Central America. After receiving his degree, he completed a residency in general surgery at the Hospital San Juan de Dios while studying at the University of Costa Rica. Dr. Suarez then traveled to Japan to attend the Nippon Medical School in Tokyo to pursue a fellowship in research with the Department of Emergency and Critical Care Medicine. Upon his return to Costa Rica, Dr. Suarez worked as an associate surgeon performing emergency surgeries before he worked in the General Surgery and Laparoscopy Department at San Juan de Dios Hospital. He has now maintained a private practice at CIMA San Jose for almost 10 years.
