

## **Biography – Dr. Rajko Tonic, MD, MSc, ORL**

If you place trust in Dr. Rajko Tonic, you have chosen an experienced cosmetic surgeon who has performed more than 15,000 operations in his surgical practice of 35 years.

Thanks to his large experience, cosmetic operations carried out by Dr. Tonic have become a routine. Nevertheless, the approach to each patient is individual. Knowledge of various surgical methods enables Dr. Tonic to choose the most appropriate procedure for solving your aesthetic problem.

Dr. Rajko Tonic graduated in 1972 from the Faculty of Medicine, University of Zagreb. Having obtained his degree, he specialized in otorhinolaryngology and the pertaining part of plastic surgery at the renowned University Clinic for Otorhinolaryngology in Cologne.

Specialization completed, he stayed on in Germany working as a resident specializing in general surgery (a year and a half), which enabled him to improve and extend his knowledge of surgery in everyday practice.

Upon his return to Zagreb in 1981, he worked for six years at the Clinic for Otorhinolaryngology of the Clinical Hospital "Sisters of Mercy". Having acquired ample surgical experience, he opened his private cosmetic surgery in 1987 which, owing to the high level of services rendered and Dr. Tonic's proficiency, attracted a large number of patients. Dr. Tonic obtained his master's degree in Zagreb in 1996.

In March, 2008, Dr. Rajko Tonic, and his son Dr. Dinko Tonic, opened new Cosmetic surgery clinic Dr. Tonic in Zagreb, in a new and exclusive building in the beautiful area of Zagreb.

The range of services offered by Dr. Tonic and his team is almost equal to that of the largest cosmetic surgery clinics of the kind in the world. Cosmetic operations of protuberant ears are performed by a method devised by Dr. Tonic, published in a professional journal, while a method enabling fast recovery is applied to rhinoplasty. For breast reduction and breast uplift, Dr. Tonic and his team use the latest surgery method of small vertical incision, leaving minimal scarring.

Dr. Tonic has perfected his knowledge of plastic and cosmetic surgery at the most eminent plastic and cosmetic surgery institutions in the USA.

He regularly attends all major world conferences and seminars on cosmetic surgery. He is a frequent guest of the well-known Manhattan Clinic for Plastic Surgery, New York, as well as of similar institutions in Chicago and Cleveland.

Dr. Tonic is a member of several national associations for otorhinolaryngology and cosmetic surgery as well as the [European Association for Cosmetic Surgery](#).

In 1999 Dr. Tonic visited The Clinic for Cosmetic Surgery of Professor Ivo Pitanguy, in Rio de Janeiro. There he observed prof. Pitanguy and his team performing different types of cosmetic surgery procedures.
