

Dr. Endre Nádai

Dr Nádai graduated at the Semmelweis University of Medicine in Budapest in 1962. He worked at the County Hospital in Veszprém for the next 5 years. In 1967, he qualified as general surgeon, and moved to Budapest to join the medical team at Honvéd Hospital, known for its excellence in training plastic surgeons. In 1970, Dr Nádai qualified as traumatic surgeon and started working at the reconstructive plastic surgery ward, treating burn victims. After four years, he was appointed head surgeon for the plastic surgery department of the hospital. He qualified as plastic surgeon in 1980 and remained leading surgeon at the ward until 1998, when he retired from his commitments at the hospital. Dr Nádai has been working at Art Medic clinic since 1992.

Dr. Zoltán Nádai

Dr Nádai, following in the footsteps of his father, graduated at the Semmelweis University of Medicine in Budapest in 1991. Four years later, he qualified as general surgeon, and he started working at the plastic surgery ward in Honvéd Hospital in Budapest. In 1998, he received his qualification as burn scar reconstructive surgeon and since then he has been working at the Art Medic Cosmetic Surgery clinic.

Dr Nádai regularly attends training seminars as well as national and international conferences.

He is member of the Hungarian Burn Association and the Hungarian Society of Plastic and Reconstructive Surgery.
