

Dr. Fabricio Fabela

Dr. Fabricio Fabela is a highly regarded physician specializing in traumatology and orthopedic surgery. He graduated from the Universidad Autónoma de Nuevo León and later studied at the BG Trauma Hospital at Tubingen, Germany. He completed a fellowship in orthopedics and sports medicine at the Christus St. Joseph Hospital in Houston, Texas. Dr. Fabela has participated in many continuing medical education conferences throughout the United States regarding injuries in the spinal column, treatment, and surgery. He performs more than 240 arthroscopic knee and shoulder surgeries per year. He is an active member of several medical organizations including but not limited to the American Association of Orthopedic Surgeons, The Traumatology and Orthopedic College in the State of Nuevo León, and The Mexican Board of Traumatology and Orthopedics. Dr. Fabela's team consists of surgeons with highly specialized training, including a preceptorship in spinal surgery and orthopedic-oncology from the University of Texas at Houston in the U.S. and fellowships in degenerative spinal, scoliosis and oncology from the Center for Spinal Studies at the University of Nottingham in England, spinal surgery and scoliosis at the University of Barcelona in Spain, and spinal surgery at Unidad Medica Alta Especialidad, Monterrey Mexico.
