

Dr. Guillermo Hernandez

Dr. Hernandez graduated with honors from the Medical School of the Instituto Tecnológico & Estudios Superiores de Monterrey (ITESM). He completed his residency in the city of Monterrey and received specialized training from Baylor College of Medicine in Houston, focusing specifically on breast reconstruction after mastectomy and aesthetic plastic surgery. Additionally, he has participated in several conferences and attended many continuing medical education courses in Mexico, United States and Spain. Dr. Hernandez is part of the Mexican Association for Plastic and Reconstructive Surgery and the Plastic and Reconstructive Surgery Mexican Board. He is a board certified physician and is well-known throughout the medical community in Hermosillo.
